

SWEETS hotel opens sumptuous oasis in the heart of Amsterdam

'Amstelschutsluis' available for bookings from September 20th

Amsterdam, September 4th 2018 – On the 20th of September, SWEETS hotel officially opens its most exceptional and luxurious hotel suite: Amstelschutsluis. This historic bridge house from 1673, with a magnificent view of the Skinny Bridge, is only reachable by boat.

Available to book from the 20th of September, only on SWEETS hotel's website: a night on an exclusive island in the river Amstel, right in the heart of Amsterdam. Once arrived at this hotel room, life seems to reduce itself to only one wish: to stay here forever.

Renovation with history in mind

Bridge house Amstelschutsluis is located on top of the middlemost island of sluice complex 'Amstelsluizen', a national monument and an important water gateway into Amsterdam. During the interior design process, SWEETS hotel and the architects of Space&Matter drew their inspiration from the historical style of the building. The inner shutters and cabinet are created in line with the 17th century, the walls are lined with linen and new panelling was placed. For almost a year, skilled craftsmen made every effort to finalize Amstelschutsluis down to the smallest detail.

Romantic exclusivity

The idyllic location of Amstelschutsluis is complemented with an interior aiming for a maximum of comfort and convenience. A professional kitchen is installed where, if desired, a chef can prepare dinner or breakfast. Floor heating is installed underneath the typical Dutch tiles and the bathroom is equipped with a rain shower. Should the guests however wish to explore the neighbourhood, a private captain is available 24/7 to sail them back and forth. Combining the historic environment in the heart of Amsterdam, the comfortable interior and the high level of service, a night at bridge house Amstelschutsluis is an unparalleled experience.

1 hotel, 28 bridge houses

SWEETS hotel is an innovative hotel concept for everyone who wants to experience Amsterdam from a bridge, with the city as your hotel lobby. The bridge houses are the perfect starting point to discover hidden gems in a most likely unknown neighbourhood. The 28 iconic bridge houses, connected through canals, form an ode to Amsterdam and accentuate the importance of water for this former trading town. SWEETS hotel is a new experience for both tourists and locals.

SWEETS hotel Amstelschutsluis officially opens on the 20th of September 2018. From that day, bookings are made exclusively on www.sweetshotel.amsterdam. Prices start at €1200 a night, including a full breakfast, a filled fridge and four crossings with SWEETS hotel's captain. Week price from €7500.
